

Remarks

By this Amendment, the specification and claim 33 are amended and new claims 38-62 are added.

Claim 33 is amended to recite the configuration of the mold more generally. Specifically, claim 33 as amended does not require that the bottom plate have a flat upper surface.

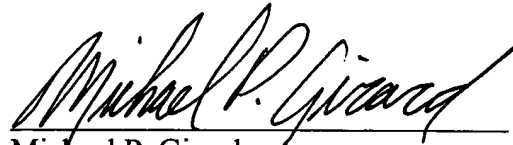

New claims 38-62 are added to present alternative claims to the thin, reinforced concrete panel. No new matter has been added.

Prompt and favorable consideration on the merits is earnestly solicited.

Respectfully submitted,

KLARQUIST SPARKMAN, LLP
